
Picacho Mountain HOA - The Willows - Notice Regarding Gate Maintenance and Temporary Closures

From Sylvia Balizan <Email_Alert@calibersoftware.email>

Date Wed 1/7/2026 1:02 PM

To Katrina Garcia <kgarcia@kva4u.com>

Dear Members,

Apex Technologies is contracted by our HOA to manage the entrance camera to the subdivision, as well as the east and south gates serving The Willows. From time to time, maintenance or repairs are necessary, particularly at The Willows gates.

To ensure the safety of both HOA members and maintenance personnel, Apex will place orange cones around any area where work is being performed.

When maintenance or repairs are underway at a Willows gate, that gate will be temporarily closed to vehicle traffic and clearly marked with orange cones. During this time, residents should use the alternate Willows gate for entry and exit.

We appreciate your cooperation and understanding as this work is completed.

Sincerely,
Board of Directors
